Free Workshop for NYSUT Members

The Financial Planning Puzzle

The twists and turns of the economy have clarified more than ever the need for a financial plan; unfortunately, for many people, beginning a financial plan remains a daunting task.

This workshop will outline the process from beginning to end, covering the five key areas of financial planning: cash management, risk management, savings, retirement and estate planning. You may not have all the answers you need by the end of the session, but you'll know the questions you need to be asking, which will put you well on the way to successful financial management.
